HELLO AND WELCOME

...to our first list of 2002. This time we are offering the more recent material from 1960 to present. Interestingly, these newer catalogues are among the best references ever printed on numismatics. In the past 40 years there have been more detailed plates added (both black and white and color), better descriptions plus background information, along with more accurate variety listings and pedigrees than ever before.

Now for the real good news. We have lowered a great many of the prices to entice you to put these valuable references on your shelf. If you spend any time on the Internet, you will see many items that have sold for more than our asking price. Plus, we are offering a **10% discount** on orders over \$100 until March 16th (see page A for details).

Speaking of prices, we note the following ad in the March 4, 2002, issue of Coin World:

Cool Coins and Great Advice

GEM QUALITY MODERN LINCOLN CENTS

1971 Lincoln Cent, PCGS MS66 RD	\$69
1972-D Lincoln Cent, PCGS MS66 RD	\$69
1973 Lincoln Cent, PCGS MS66 RD	\$69
1974-D Lincoln Cent, PCGS MS66 RD	\$69
1983 Lincoln Cent, PCGS MS66 RD, Doubled Die.....	\$595
1984 Lincoln Cent, PCGS MS67 RD, Doubled Die.....	\$895
1992-D Lincoln Cent, PCGS MS68 RD	\$249

GEM QUALITY KENNEDY HALF DOLLARS

1964 Kennedy Half Dollar, PCGS MS66	\$49
1964 Kennedy Half Dollar, PCGS MS67. Superb! The obverse is splashed in golden and russet toning, while the reverse is fully brilliant. The first Kennedy half dollar and the final year of the 90% silver coins.	\$795
1964-D Kennedy Half Dollar, PCGS MS66	\$49
1964-D Kennedy Half Dollar, PCGS MS67. Pap-top! One of just 12 pieces to grade MS67, with zero higher! Blazing bright and superb, with immaculate surfaces and a great strike. There is the barest touch of toning on the reverse. This is the first year of issue for the Kennedy half dollar and the only year that 90% silver pieces were struck for circulation.	\$850

How about the price on the 1992-D Lincoln? If there is someone foolish enough to spend that kind of money on 1964 Kennedy halves, just imagine what kind of a quality reference library the same money would buy. Most likely, the buyer would learn enough after reading through a small number of catalogues to never purchase such items at those prices. If for some unexplained reason they do sell, it would appear that the early coin collector and showman P.T. Barnum was right when he said, "A fool and his money are soon parted."

As always, Jenny and I say "THANK YOU" for your continued business. We are interested in buying pre-1950 material; just write, e-mail, or call and we'll give you an offer.

Best regards,

Karl & Jenny Moulton

HOW DO YOU WANT TO RECEIVE YOUR PACKAGE ?

Here are the options to choose from :

1. **SPECIAL STANDARD (BOOK RATE).** Please send \$2.00 for the first item and \$.75 cents for each additional item along with insurance from the table below. For shipping purposes, count five PR's as one item. This is how most orders will be shipped unless another choice is requested and prepaid. This option takes anywhere from 5 to 30 days for your package to arrive (it can be extremely slow).
2. **PRIORITY MAIL.** Please send \$3.95 for the first item and \$1.25 for each additional item along with insurance from the table below. As mentioned above, one to five PR's equal one item for shipping charges. Due to the cost, priority shipping charges and insurance must be prepaid. It will take 2 to 10 days for your package to arrive, as the post office will not guarantee delivery within three days.
3. **OTHER.** We will be happy to ship by Fed Ex using your account number, or prepaid including pick-up and other applicable Fed Ex fees.

NOTE : Shipping your order may cost more or less than the estimates above depending upon weight. Any additional charges will be billed; any prepaid overages will be credited to your account. Insured packages can be traced only after 30 days (the Post Office's rule).

*** Any order of \$25 or more for merchandise keeps you on our mailing list for one entire year. ***

PACKING & HANDLING: Please add the following charges for the number of items you order:

1 - 5.....	\$.75 per item
6 - 10.....	\$ 5.00 Total
11 - 20.....	\$ 7.00 Total
21 - 30.....	\$10.00 Total
31 - 40.....	\$12.00 Total
41 - 50.....	\$15.00 Total
51 or more	\$20.00 Total

This helps cover the cost of boxes, strapping tape, packing for the catalogues, labels, etc.
The charges listed above are, in every case, lower than the per lot fees charged in mail bid sales.

INSURANCE: We insure all packages. Please add charges from the table below:

POST OFFICE INSURANCE	
\$ 0.01 to \$ 50	\$1.10
50.01 to 100	2.00

08/16/52 New Netherlands, 158pp., 4880 Lots A
blockbuster event in 20th century numismatics! Held in
conjunction with Numismatic Fine Arts, Hans Schulman,
and Henry Grunthal, this sale is a core reference for
numismatists interested in Ancient and World coinage,
and those interested in the U.S. regular issues and
Patterns. Homer Downing's Large Cents comprise six
of the 48 plates125.

08/20/57 Federal, 104pp., 3634 Lots A few price
annotations 15.
08/13/58 Abe Kosoff, 52pp., 2903 Lots An interesting
sale due to some unique Territorial Die Trial pieces from an
unlisted consignor. These pieces were catalogued as being
in "excellent condition", even though they were 100 years old
at the time. Most metallurgists would agree that an
unprotected die trial would show some signs of corrosion
and/or rust. However, lots 2017 and 18 are beautiful
condition, incused impressions in lead of the 1853 U.S.A.O.
\$20 Gold pieces, 900 thous. variety. Interestingly, this sale
took place around the same time the Franklin Hoard pieces,
which were reportedly struck in gold, came on the market.
To add further intrigue, there are other trial pieces for Terr-
itorial Gold issues in various metals 30.
08/26/59 Leo Young, 83pp., 4469 Lots 12.
08/24/60 Conn/Whiteneck, 138pp., 3013 Lots, Harold

08/08/67 Paramount, 68pp., 3139 Lots, 1913 Liberty
Nickel, Many Early Cents, 1895 Proof Morgan 12.

ABE KOSOFF -- NUMISMATIC GALLERY

03/03/61	Hydeman, 40pp., 1311 Lots, 1804 Dollar with two page description which fails to mention any differences in the classes of originals and restrikes. Kosoff's background information was riddled with inaccuracies. Likewise, the 1913 Nickel offered in this sale failed to meet the reserve of \$50,000 that was set by the consignor. (This is one of the few times this particular rarity failed to sell.) It was bid up to \$41,000, which was a realistic price at the time considering the same coin brought \$46,000 in the 1967 ANA sale.	30.

01/15/98	Gene Reale, 74 Lots This seldom available, important sale has a plethora of superb early Half Cents and Large Cents plated in color and black & white. Rarities include uncirculated 1794 and 1796 w/pole Half Cents. The S-5 1793 Wreath Cent is isted as “An exceptional coin” (ex-Anderson/DuPont), while the 1796 S-90 is perhaps the finest and only Mint State example currently traced. The middle and later dates are also well represented with many uncirculated examples. Some of these high-grade pieces are not listed in the Noyes volumes, so this catalogue, which was issued at a high initial price, is needed to update the condition census. We offer a NEAR MINT copy of this important sale at	40.

05/03/63	Samuel Wolfson II, 99pp., 1541 Lots This sale, as the previous Gold sale, contains many important rarities in all series. the highlight of which is the 1804 Dollar with pedigree documents from John Haseltine and William E. DuBois. Apparently, the first owner of this example, R.C. Davis, wanted some documentation from the parties responsible for creating and selling this coin. This was a smart idea on Davis’s part as he knew, along with Haseltine and DuBois, that this coin was one of the “new” Class III Restrikes that first entered the coin market in 1876. The documentation from DuBois is an outright lie and makes for interesting reading.....	35.

Also included is a biographical and portrait of noted Boston collector William Sumner Appleton. When he died, his collection was bequeathed to the Massachusetts Historical Society. This bequest is a significant pedigree link because Appleton purchased Joseph Mickley's U.S. gold "en bloc", along with other individual pieces, prior to the October 1867 Mickley sale by W.E. 09/10/81	Wayman U.S. Gold, 91pp., 446 Lots	18.
10/22/81	Bareford, 168pp., 626 Lots As they had in 1978, Stack's orchestrated a Bareford/ Robison offering. Perhaps the most important part of this catalogue is Bareford's Half Dime and Dime collection, all of which are pedigreed. In fact, every lot in this sale is pedigreed, thanks to Bareford's meticulous records. The appearance of the 1804 Dexter / Bareford Dollar is most interesting. In this catalogue the Stack's firm is under the opinion that "Mr. Dexter seems to have been pleased with his purchase". When this identical coin appeared in the October 17, 2000, 65 th Anniversary sale by Stack's, they mention "the new owner, James Dexter, was highly suspicious". Further on they relate "he decided to sue the Chapman's" (the sellers of the coin in 1885). It is because of this litigation by Dexter that we have written statements from various officials at the Mint which are outright lies. In the Stack's 2000 catalogue, they mention "The Dexter dollar is the only one known to have been certified authentic by officials of the United States Mint" (p.113). This however is incorrect information as an earlier September 17, 1878, letter on Mint stationery written by William E. DuBois (the probable creator of all 1804 Restrike & Electrotypes dollars) states basically the same thing about a different 1804 dollar then owned by Robert Coulton Davis. This 1878 letter is reprinted in the April 8, 1954, Davis-Graves catalogue (p.87) which was issued by none other than Stack's! A final note regarding the "D" counter-stamp on this dollar; in the October 2000 Stack's sale they mention incorrectly that the 1827 overdated Restrike Quarter with a "D" counter-stamped on it "has been claimed as proof that Dexter put the letter on the 1804 Dollar". As the discoverer of the "D" on the 1827/3/2 Quarter, I would like to state that no such claim was ever made, only that the counter-stamp would fit within the proper time frame and overall scenario of the suspicious and possessive Mr. Dexter. It is quite reasonable to assume he marked his two most valuable coins for identification purposes should they ever be stolen. The phrase used by Stack's in saying the counter-stamped "D" on the 1804 dollar is "the same diminutive letter D" as found on Dunham's HTT's is nothing but pure speculation on the part of John J. Ford, Jr. The idea of Dexter counter-stamping rather worthless Hard Times Tokens has little credibility in light of the high value of his two rarest U.S. coins. Conversely, the idea of Dunham counter-stamping any extremely rare U. S. coin seems to be equally ludicrous. At this point in time, the counter-stamps on these coins have not been scientifically examined and properly photographed for comparison. Only by overlaying accurately measured transparencies will the similarities or differences become apparent.	50.

History of U.S. Coinage – Garrett Collection, 572 pgs., Hardbound The only problem with this book is the fact that it is not read anywhere nearly as often as it should be. It contains more interesting, worthwhile, and valuable information about American coinage than has ever been presented anywhere else. The contemporary 19 th century correspondence, along with the entire Garrett Collection pedigrees, simply add to the information imparted by the many plates, both black & white and color. With Dave Bowers book about the California Gold Rush and the sinking of the SS Central America, people will greatly enjoy having this book as a companion guide due to the many Territorial issues which were contained in the Garrett Collection. This revised edition was deemed necessary to attempt clarification of his earlier 1977 work. Breen's entire concept of early proof coinage prior to the mid-1830's is based on the physical examination of coins he has labeled as proof. Most of his rhetoric is unsubstantiated and, as of now, there has yet to be one shred of evidence which documents any early Proof coinage from the U.S. Mint. Based on all sources, the coins outlined in this compilation remain nothing more than prooflike business strikes until official documentation confirms otherwise. 	United States Dimes from 1796, 1964 Revised Edition, 25 pgs. Originally this was the dime section of F.C.C. Boyd's collection, which was sold in 1945 by Kosoff using the title "World's Greatest Collection". The original selling prices from that sale are listed, along with a current valuation from 1964. It features 4 pages of plates. This was the best available reference for the series until the arrival of the reference used today titled "Early United States Dimes"	20.

MICKLEY, MINNIE F.:	A nicely bound photocopy of the Mickley Family Genealogy , which was compiled by Minnie F. Mickley in 1893. Found within is a 26-page biography of Joseph Mickley written by his close friend, J. Bunting. This well detailed account of Mickley may have been written in response to several earlier stories and myths presented by A.M. Smith and W.E. Woodward. I have written an article for Dave Bowers' Rare Coin Review #142, July-August 2001, which presents for the very first time a detailed account of Mickley's life along with his involvement in American numismatics. One of the major surprises is the discrediting of the story having to do with Joseph Mickley obtaining four 1827 over-dated quarters from the Mint in 1827. SCARCE EARLY BLUEBOOK

The popularity of the Redbook has overshadowed Yeoman's other signature publication, that being the Bluebook, which is much more scarce than the Redbook ever thought of being. More and more people are putting together a Redbook set. This is due primarily to the publication of a price guide in the latest editions of the Redbook. The Bluebooks present more challenge in completing a set because of several overprints and cover variants in the early issues. Get a head start on the Redbook collectors and fill in your Bluebooks now.

Bluebook, 4th Edition, 1945, Rare Black Cover Variant. Owner's name on free fly. A few small spots on the front cover. Otherwise a very presentable example of this much sought after, early "bluebook", which is presently unknown in Near Mint condition. If anyone has such an animal, I'd gladly pay \$150. This one is offered at..... 60.

Louis Eliasberg Article

This little-known and seldom offered edition contains the first color photographs of selected rarities from Louis Eliasberg's coin collection. Included in the four-page spread are some of the beautiful coins, both U.S. and Foreign, in all metals with descriptions. To date this remains the only photographic record of a few choice specimens of the as yet unsold World Gold portion of his collection. We offer a fine, complete issue with the Queen Elizabeth II official coronation portrait on the front cover for only \$ 75.

COIN DEALER NEWSLETTER (GRAY SHEET)

An Impressive run of over 800 issues from 1963 to 1989!

This group starts with the November 8, 1963, issue; which, by the way, was printed on buff colored paper, not gray. It continues with over 80 early issues from 1964 to 1969. Then this lot skips to the August 1975 ANA issue, from where it continues nearly complete through September of 1989. These long over-looked weekly periodicals provide a tremendously important research tool to chart, not only prices, but true rarity in the top grades. **As a bonus**, we will include over 75 different Monthly Summaries from September 1976 through September 1988. These contain many specialized articles about the different series in U.S. numismatics.

Nearly 900 different issues. First call gets it for..... **\$295.**

RARE COIN REVIEWS

by
Bowers and Ruddy Galleries &
Bowers and Merena Galleries, Inc.

This long-running house organ offers not only coins, but important articles and fascinating tidbits regarding numismatics. Dave Bowers unselfishly shares bits and pieces of information found nowhere else. He masterfully blends coins and the people interested in them. One of this writer's favorite features is the Coin Quiz, which has prompted more than one response.

This highly recommended publication carries a cover price of \$10 for the later issues, which have reached over the 100 page mark. A set of RCRs is a desirable compliment to the Bowers run of catalogues, and are collectible in their own right. If you don't have these, you're missing out on some enjoyable reading.
